

Whitefield Capital Management Honoured at 2015 Fund Awards

United Kingdom, 16th October- Whitefield Capital Management has been awarded 'Best for Equity Markets In Asia Ex Japan - Whitefield Asian Opportunities Fund (WAOF)' at Wealth & Finance Magazine's 2015 Fund Awards.

The 2015 Wealth & Finance Fund Awards have been put in place to honour the global fund industry professionals charged with making multi-million-dollar decisions on behalf of their clients. From the most experienced administrators to the newest funds and firms on the scene, these awards honour the individuals and institutions whose limitless knowledge and tireless dedication to achieving the best possible results for their discerning clients keep the wheels of global finance turning.

Speaking after his firm's award win, Founder, Benjamin Ng said: "Winning this award is a recognition that the long-term, index-agnostic, value-oriented investment approach can work in what is often touted as high-beta Asia-ex Japan equity markets which favour short-term trading investment style. We hope this award can serve as an encouragement to all value-oriented long-term investors in the industry – both managers and clients."

Nathan Angell, Awards Co-ordinator, said: "With the global economy continuing to go from strength to strength, the continually exceptional performance from the global fund industry has been a key factor in this upward trajectory. With so many professionals and individuals achieving stellar results in this industry, it is an honour to recognise Whitefield Capital Management for their achievement."
